

Climbing the Number Mountains!

My Strategies

- I can use a calculator to solve a problem
- I can solve + / - problems to 100 by choosing and using a strategy
- I can turn a word problem into a number problem
- I can find $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{3}$ and $\frac{1}{5}$ of shapes and numbers
- I can recognise, order and explain the size of shape and unit fractions
- I know what a denominator and a numerator is
- I can solve division problems by reversing
- I can use repeated addition to solve multiplication problems
- I can solve +/- problems by using compensating
- I can use a number line to solve + and - problems
- I can solve +/- problems by using place value
- I can solve +/- problems by using tidy numbers
- I can solve +/- problems by using doubles

My Number Knowledge

- I can recall my 2, 3, 5 and 10 division tables
- I can recall my 2, 3, 5 and 10 times tables
- I know all the subtraction facts within 20
- I know all the addition facts to 20
- I can explain equality, e.g. $2+3 = 4+1$
- I can identify odd and even numbers
- I can say how many 10s are in a 3 digit number
- I can read and count whole numbers up to 1000 in 1s, 10s and 100s

Level 2 Strategies
